Vanda bensonii x Vanda pumila	N. Vandenberg	1 <sup>st</sup> .
-------------------------------	---------------	-------------------

\*\*\*\*\*PLANT OF THE MONTH

## **BULLETIN BOARD**

We will be holding our 3rd. annual auction at our May meeting. Please bring any orchid-related or horticultural-related items as a donation. Magazines, books, collectibles, note paper, cards, pictures, household items are great items to bring. Also, if you have any orchids that are taking up space at home, feel free to bring them also. If you have nothing of a horticultural nature, please bring any kind of baked items such as a cake, pie, cookies, etc. and we can auction them off as well. Members are asked **NOT** to bring plants for sale. Items that are not auctioned off, will be put in as a raffle prize.

### **Clouds Orchids Open House**

The next Open House for Clouds is the week-end of May 15<sup>th</sup> \* 16<sup>th</sup>. from 11:00 a.m. to 4:00 p.m. The workshop is at 12:00 p.m. and is on "Repotting."

### **Picnic**

The date for our annual picnic will be Sunday, July 25<sup>th</sup>. and will be held at the home of Colin and Kathy Burns. It will start at 4:00 p.m. and is a potluck picnic. There will be a sign-up sheet at the June meeting. Hamburgers and hotdogs will be provided by the Society. Please bring your own beverages and chairs. Paper plates will be provided, but if you wish to bring your own "china" plate and cutlery, please feel free to do so! Colin and Kathy's address is 49 Dunvegan Road, St. Catharines.

### **Contest Plant**

Just a reminder to our members that if your contest plant (Cattleya Penny's Spot "Hawaiian Dream") is blooming, please bring it to the

meeting. That means that you are the winner of the orchid contest.

### **Goodies**

A reminder to David Culp and myself that we are signed up to bring the baked "goodies" for coffee. Thanks, David!

### **Forgotten Sweater**

Someone left a sweater jacket at Clouds at the April open house. If a member is missing a plaid sweater jacket, please contact Nancy.

### **Orchids for Sale**

To all members of the Niagara Region Orchid Society:

. We had a member Bill Morden who lives in Oakville but commuted to St. Catharines for all of our meetings and shows for many years. He was a great help at our shows and always enlightened members with his Orchid Growing knowledge and wonderful Show Table plants. He stopped coming to our society several years ago to take time to be with his gravely ill wife. Unfortunately, she passed away last month and will be missed by Bill and their Children. Bill is now going to travel, so he wants to sell his Orchid collection and move on to other activities. The following is a list of his Phalaenopsis plants for sale. These are either Blooming size(BS) or Near Blooming size(NBS)

**Amabilis:vinicolour,whole red lip #1.....\$15 BS #2.....\$20 BS #3.....\$15 BS**

Chandler 'Zuma Canyon'):Orange with pinch of spot \$20 BS**

**You can make arrangements for purchase and plant pickup by E-mailing Bill Morden at**

***wmorden@cogeco.ca***

**Bill Morden**

**539 Jeanette Drive**

**Oakville, Ontario**

**These plants are in very good condition.**

**George Rusztyn, Vice President**

Good day to you and your society;

I have a favor to ask of you...I'm hoping you will allow me a small space in your Newsletter to promote this orchid related event!

My name is Monica De Wit and am a member of a number of orchid societies and am based near Edmonton, Alberta. Currently, I am working toward accreditation as a judge of the American Orchid Society (ok, I'm a third year student—a ways to go yet!). Most recently, I've been working on a project to combine my love of orchids and ...cruising!

My friend Lisa Stiksma of Expedia Cruise Ship Centers (Abbotsford) and I have been planning a theme cruise; the specific itinerary we have selected is aboard the Coral Princess departing from Fort Lauderdale on January 14, 2011. The itinerary includes Aruba, Cartagena; Columbia, partial Panama Canal, Limon; Costa Rica and Ocho Rios; Jamaica and includes 10 days of cruising. We are planning orchid excursions in these areas as well. The exciting news is that Dr. Martin Motes and his wife Mary of Motes Orchids Florida have agreed to be our guest speakers on ship and will provide an orchid "short course". More details are to follow. We will be advertising this trip across Canada and elsewhere and your society members are some of the first to find out!

If you have any questions about cruising in general or about this itinerary specifically, please contact Lisa at 1-800-811-1733 (ask for Lisa), her cell at 1-604-309-2232 or via email at [lstiksma@cruiseshipcenters.com](mailto:lstiksma@cruiseshipcenters.com).

Monica De Wit

Please let me know what you think!

Happy growing...

Monica
